Prior to King Street, Xave served as an Associate at HFF, responsible for supporting principals at this real estate capital markets firm in soliciting and executing assignments through market analysis, underwriting and modeling, tenant/credit overviews and asset valuations. During his time at HFF, he was involved in approximately \$3.8 billion of transactions spanning debt placement, equity placement and investment sales for most major property types including life science, office, multi-family, retail, industrial, hospitality and mixed-use.

Prior to his time at HFF, Xave worked as an Analyst at McCall & Almy, a boutique real estate brokerage and advisory firm whose primary clients are large Boston-based companies, health care providers and universities. He holds a Bachelor of Arts degree from Colgate University with a concentration in Economics.
